**Narrative:**

As Grand Guardian of Illinois, the motto for the year was “Be Bold, Be Brave, Be YOU!” Every effort was made to lead with this motto, especially going into the pandemic. Adapting to change; moving meetings, activities, and events to virtual; including our Grand Session, proved that being bold and brave were necessary to ensure the operation of the Jurisdiction continued. I was able to be myself and show others who I am with my enthusiasm, positivity, organizational skills, time management, and my ability to use the ever-changing world of social media; this continues to prove a necessity in communicating and engaging with our Daughters.

I enjoy being able to continue to play an active role in the lives of our Daughters, from attending meetings to installations, there's nothing more rewarding than seeing a Daughter happy and excited to see you.

In my professional life, I have spent the last 16 years as an administrative assistant for a company that has been in business for over 100 years. The company continues to honor their traditions and their history by adapting to the needs and changes necessary to stay relevant for the future. Their view aligns with my own personal views that this is necessary for Job's Daughters International to carry forward well into the next 100 years. My position with the company has helped me gain a multitude of skills; including the knowledge of how a business is run successfully, marketing, event planning, leadership, and loyalty. The last two and a half years additionally has shown us that evolving technological skills are essential for survival in a post-Covid world.

On a personal note, I have been married to my husband, Daryl for almost 19 years, and we are the proud parents of two teenage sons, Owen, and Nolan. I have been very fortunate to have their love and support in my journey through Job's Daughters, which will continue if I am elected to this position.

I am excited to see what the future holds for Job's Daughters International and would be honored if you would consider me for this job in the Supreme Guardian Council Line.

Together, we CAN make a difference in the lives of our Daughters!
